

# Project Alpha — Technical Specification

## Project Info

Project ID: PRJ-ALPHA-2025-001  
Product Owner: Priya Mehta  
Tech Lead: Hemant Sharma  
Architecture: Microservices on Kubernetes

## System Architecture

Frontend: React 18 with TypeScript  
Backend: Python FastAPI (microservices)  
Database: PostgreSQL 15, Redis 7  
Message Queue: Apache Kafka 3.5  
Infrastructure: AWS EKS with Terraform  
CI/CD: GitLab CI with ArgoCD

## Budget Allocation

| Category       | Budget (₹ Lakhs) | Spent (₹ Lakhs) | Remaining |
|----------------|------------------|-----------------|-----------|
| Infrastructure | 45.0             | 32.5            | 12.5      |
| Licensing      | 12.0             | 10.2            | 1.8       |
| Development    | 78.0             | 55.0            | 23.0      |
| Testing & QA   | 18.0             | 12.0            | 6.0       |
| Contingency    | 10.0             | 2.3             | 7.7       |
| Total          | 163.0            | 112.0           | 51.0      |
